Nomination forms for the 2010 Trustee of the Year Award will be available on the LSC website starting in February.

This Award is made each year through a partnership between LSC and Rotary Club of Fremont. Nominees must serve on a nonprofit board that directly serves Sandusky County and be nominated by an individual who serves along with them.

The winner will be awarded \$250 to go towards the nonprofit organization they serve.

Youth Leadership Sandusky County

The 2010 Youth leadership class consists of 23 eighth grade students from ten different area schools. The class includes four sessions as well as an orientation and graduation. The class has already completed half of their sessions. In October they met at the Sandusky County Rec Center. The focus of the day was teambuilding and Community and volunteer service.

In December the students met at Terra State Community Col-

lege and learned about the value of diversity, life after high school, college and taking the SAT and ACT.

The class is divided into two groups, which must complete a community service project. Each project must benefit an organization that serves Sandusky County.

One of the teams this year will be raising funds to benefit the Sandusky County Humane Society while the other will be serv-

ing at Bellevue Fish and Loaves.

The next session will be held in February and will focus in on business and entrepreneurship. The final session will take place in April where the students will learn about law enforcement and the judicial system.

Graduation will take place in May at Terra State Community College and is open to parents of the students and school administrators.

Attention Parents of 7th Grade Students...

Now is the time to be contacting your child's guidance counselor about being a part of the 2011 Youth Leadership Sandusky County Class.

Youth LSC is open to 8th grade students who attend a school who's district is at least partially located in Sandusky County.

The class starts with an orienta-

tion, held during an evening in September, and then meets in October, December, February, and April followed by a graduation breakfast in May.

Classes start at 8:30 a.m. and run to 2:00 p.m. and typically take place on a day where most schools are not in session to pre-

vent excessive absences. In the case that your child does have to miss school to attend YLSC, he or she will be excused from school, but is expected to make up their missed work.

For more info on YLSC please contact the Leadership office or speak with your child's guidance counselor.

The Mission of Leadership Sandusky County

To provide a learning experience that encourages successful community leadership

Leadership Sandusky County (LSC) is a non-profit organization that was founded in 1991. LSC is committed to developing potential leaders and enhancing the skills and knowledge of current leaders interested in improving their communities.

LSC offers yearly professional leadership courses. Participants meet one day per month from September to May and participate in various learning experiences. Several topics covered are boardsmanship, agriculture, marketing, economic development, manufacturing, and education.

Those selected for the course also learn to identify and develop

teambuilding and leadership skills through interactive presentations and participation in team projects. Each team is responsible for looking at needs in the county and developing and implementing a plan to carry out a community service project.

Participants are provided with opportunities to meet and network with other leaders in the county. During a guided bus tour of the county, they meet mayors and city officials and learn how the individual communities function. Participants also meet business, health, government, and non-profit leaders during presentations and at social events such as a Wine and Cheese Reception, and Holiday Reception co-sponsored by the Chamber of Commerce of Sandusky County, and at the LSC Graduation Banquet.

Classes are held at different locations throughout the county to provide exposure to the various sectors of the county. Locations include Whirlpool, Terra Community College, Memorial Hospital, Sandusky County Department of Job & Family Services, and more.

Youth leadership development courses are also offered to students attending each of the junior high schools in the County. These classes are modeled after the adult course.

In addition, LSC offers on-going support, education, and networking opportunities to its leadership graduates through its alumni association. Members of the alumni association are invited to graduation and social events held throughout the year.
